Junior Programmes

Clubclass offers junior programmes designed to provide a seamless blend of language learning with a structured social programme. This exciting and innovative approach is proven to improve students' use and command of the English language through fast-paced activities. All courses seek to generalise learning by developing confidence and fluency, encouraging the use of English outside the classroom.

Teenskool

Our Teenskool programme combines exciting social activities with 15 hours of general English learning per week. Students are exposed to all aspects of the language and gain heaps of confidence when speaking and listening. Needless to say, part of the fun is making new friends from all over the world!
