Our levels and curriculum

Our curriculum is based on the levels of the Common European Framework of Reference for Languages. CEFR was put together by the Council of Europe and is used all over the world as the standard for grading individuals' language proficiency.

The CEFR descriptors indicate the proficiency that students should achieve at each level. The table below includes a summary, and includes comparable levels of other common standards.

Students are thoroughly tested on their first day so their levels can be established and they can be placed in the right classes. Completing one level usually takes about 8-12 weeks but with students' effort, involvement and motivation this can also be achieved in a shorter period of time.

Our standard level classifications	CEF	Typical progress through levels with continuous study	Cambridge	IELTS	TOEFL
